Rearing a better flavour

Established in 2007, we retail Aberdeen Angus beef, pork and lamb which has been reared on our family's farm in Holmfirth, West Yorkshire.

We hang our sides of beef and lamb on the bone before they are prepared; allowing time for the meat to mature.

Listed are our most popular cuts, of course we are happy to prepare your meat as you like. Your meat order will be freshly prepared, packaged and labelled and is suitable for home freezing.

Our extra efforts ensure the meat you buy is succulent, tender and a better flavour.
